We introduced the Mutts Nuts pre-selections with ET4, and are glad to say, it is coming back to ET5. We hand pick a selection of cars to go through a screening process that embodied Euro Tripper and gave them a nickname and entry into a dedicated section of the event. The nickname came about from the UK scene that describes something as being “awesome” and that name was coined the “Mutts Nuts”. The “Mutts Nuts” owners had submitted their stories and vehicles ahead of time that allowed for us to select a group of them to represent the “Mutts Nuts” field. As a thank you, they were given a special “Mutts Nuts” pamphlet that includes a special edition air freshener that serves as their pass into their dedicated section.

During the event, our staff will vote for what we feel are the top 30 vehicles, focusing primarily on Mutts Nuts cars. During the awards presentation, the top 30 will be awarded a custom made Euro Tripper trophy and a special edition “Mutts Nuts” decal for their vehicle. Are hopes are that they will display the special edition decal with pride on their vehicle for as long as possible.

You, the crowd will be given a chance to cast your votes for your favorite vehicles during the event, by filling out a voting form. Each voting form has up to 3 selections and the forms must be turned in by 3:00 pm.

A selection of the winners will be asked to park their vehicles onto our stage for the backdrop of our awards presentation. This will be determined during the event subject to a number of logistical and safety factors to ensure the safety of everyone involved.
