

Covid-19 Plan: Euro Tripper 8 – Outdoor VW Car Show

Adjustments to our event to safeguard our guests from COVID-19 exposure.

Background:

The car show has always been outside with the exception of tent for eating. Our guests have historically (7 years of events) been primarily 18-25-year-old males. We built this plan based on CDC guidelines (<https://www.cdc.gov/coronavirus/2019-ncov/community/large-events/considerations-for-events-gatherings.html>)

Before the Event:

- Outdoor only event
- Reduce available attendance. (limited to 350 cars from previous 850)
- Cashless event. Tickets will be only sold online; merchandise will only be pre-sold online.
- Guests will be required to certify they are not experiencing fever or symptoms are part of their ticket purchase process.
- Masks will be worn by all event staff and volunteers.
- Hand sanitizing stations will be located throughout the venue.
- Social Distancing of all patrons and vehicles will be parked at least 6 feet apart.
- Free masks will be available and highly encouraged for all guests of the event
- Expanded refund policies to encourage anyone not feeling well to stay home.

Food Trucks:

- All food vendors will be required to enforce proper glove and mask practices.
- Use of prepackaged foods highly encouraged

Day of Event:

- All staff and volunteers will be temperature checked and asked to stay at home if experiencing any symptoms at all.
 - Training on proper mask use and disposal
 - Signs and announcements discouraging close contact, handshakes, etc.
 - Limit number of people inside Red Sox bathroom facilities at one time.
 - Ensure proper cleaning/sanitizing supplies are readily available throughout the venue
 - Space vehicles further apart (8 ft)
 - Patrons will be reminded to keep proper social distancing (6ft)
 - Distribute free masks to those needing a mask
 - Awards ceremony will be modified such that close contact is greatly reduced including trophy presentation will be touchless.
- To comply with current COVID guidelines, all participants will be directed to seek safe shelter in their vehicles during threatening weather.

Ongoing:

Continually review CDC Guidelines for updates:
